To Whom It May Concern:

VOICE FOR JESUS CHURCH respectfully submits this petition requesting a continuance of our exemption from the closed captioning requirements, under section 79.1 of the Commission's rules, 47 C.F.R. & 79.1 which was filed back in December, 2005, for our television program, "The Way, The Truth, and the Life. This petition is to demonstrate, that in our situation, it will be economically burdensome to add closed captioning to our programming because of the significant expense. Since our last petition, it has become even more of a burden for us to meet the expenses of our Television Ministry, though we are striving to do so, because we believe it is an important part of our ministry to have the opportunity to minister to people world-wide by television. We get a great response by phone, from those people who are requesting prayer. It is a good program and ministers to many people.

We have enclosed figures for the year 2011 to show the income of our Television Ministry, and as you can see, only two months out of twelve were we able to meet the expense of the television airtime. The church itself makes up the difference in payment and that doesn't even include paying the one person on staff that produces the program or the cost of videotapes, CD's, DVD's duplicators, packaging and postage. We have never been able to pay that salary plus the overhead for the Television Ministry from funds received for that purpose. The church absorbs all of that cost, and we are a very small church with only about 120 to 150 members. It has become so tight because of the economy that we literally had to move out of our church building of 30 years because we couldn't afford the overhead. We moved our offices into a private office building, and we are now meeting as a church in a theater every Sunday morning. We can no longer have a Wednesday night service because the theater isn't available, so we meet on Sunday mornings 10:00 a.m. for an hour and a half to two hours in that theater. So, you can see that we have had to adjust drastically to even meet our expenses to remain a church ministry. We think we are doing miraculously well in order to even have a television program, but with the added cost of closed captioning it would make it almost impossible for us to continue our television program, and we do believe that what we have to say to the body of Christ world-wide is important to be said.

The least expensive closed captioning service we have found is \$150.00 per program. (copy enclosed) That would add another \$7800 per year expense to stay on the air. We would also have to pay for extra videotape stock, \$624 a year, extra shipping expense of \$468 and these combined would push the television expense up nearly \$9,000 a year. The ministry is already behind on paying for airtime. We are in the midst of doing a strong push to the congregation to raise funds to get the December invoice for airtime paid as indicated on enclosed funds report.

So, we prayerfully request that you consider again our request for exemption from providing closed captioning. We believe in our program and the good that it brings to so many families world-wide, and it is a great asset to the church and for our community.

Sincerely,

WAYNE COCHRAN  
Senior Pastor
